Final Chance for Hollywood Poker's Grand Slam Final

If you hurry you can still get in on HollywoodPoker's Grand Series of Poker II (GSOP II) Grand Slam Final on 3rd May for a chance at a chunk of the estimated \$3 million in the online series' collective prize pools. The buy-in is \$5000.

Or if you were smart, you already secured a spot at the Grand Series of Poker II early at *HollywoodPoker.com* through one of the daily GSOP II satellites. If you didn't, the Last Chance Qualifier is at 6pm UK on 3rd May and promises to award three seats to the Grand Slam Final at 8pm. Buy-in for the qualifier is \$50+\$4.

Another new and exciting addition at this year's GSOP II was the GSOP SideBet, a competition among SideBet participants for the highest position on the GSOP II Event Leaderboard.

"The Grand Series of Poker II offers players a shot at not only winning big, but also experiencing the thrill and excitement of a live poker event brought directly to them, wherever they are across the globe," said HollywoodPoker spokesperson Vince Van Patten.

The site is also giving players the thrill and excitement of eight new deposit bonuses tailored to suit players of every level and bankroll size.

For beginners or first-timers, there is the special Greenhorn Player Bonus, which awards players up to \$50 in bonus money for deposits of up to \$50. And it just goes up from there. The Casual Player bonus will match 100 percent up to \$100. The Entertainment Player bonus will match 100 percent up to \$250. The Tournament Player bonus will match 200 percent up to \$500. The Poker Enthusiast

bonus will match 400 percent up to \$1000. The Poker Fanatic bonus will match 300 percent up to \$1500. The Poker Maniac bonus will match 1000 percent up to \$2500 and the Professional Player bonus will match 1000 percent up to \$5000. These bonuses can be cleared within 90 days as players collect rewards points at the tables. The higher the percentage, the more hands must be played to collect the bonus money.

"If you're a poker pro like me you'll love HollywoodPoker's Professional Player Bonus, which pays out a whopping \$5 grand!" said Vince.

All the new bonuses also offer great opportunities and rewards, including invitations to HollywoodPoker's weekly freerolls for depositing players, rewards points that can be exchanged for buy-ins to tournaments such as the \$70,000 Euro Grand Prix and the \$300,000 ChampionChip. HollywoodPoker Player Points can also be exchanged for great merchandise, including HollywoodPoker branded gear, luxurious travel packages, jewellery, the latest electronic gadgets and more.

HollywoodPoker's depositing players also get to challenge more than 300 Hollywood celebrities to heads-up games at the site's thrice-weekly Celebrity Bounty Series tournaments. They'll get paid for knocking out celebrity players such as James Woods (*Shark*), Kelly Hu (*The Tournament*), Tom Everett Scott (*Race to Witch Mountain*) and Billy Burke (*Twilight*).

Players can choose from several depositing methods – [ClickandBuy](#), [Click2Pay](#), Visa, MasterCard, Money-bookers, WebMoney and Neteller. Transactions are easy because the site is localised in eight languages and can

to \$500 for a \$250 deposit.

The site also provides its club members with exclusive invitations to monthly freerolls, the option to exchange points for tournament tickets and access to premium gifts such as HollywoodPoker Gear, Hollywood celebrity memorabilia and fun electronics.

And finally, kudos to HollywoodPoker celebrity player Nick Gonzales who finished second at the World Poker Tour Invitational and pocketed \$50,000 for his efforts. The star of *Resurrection Blvd.* beat a field of 430, but lost at the final table to Poker Pro Freddy Deeb. Nick's pair of sixes just couldn't stand up to Freddy's pair of eights.
